- If your local pharmacy is closed, you can get your medicine from any pharmacy as long as they have it in stock. Use the [NHS pharmacy service search](#) to find other nearby pharmacies and their opening hours – some are open until midnight or later, even on public holidays.
- If you'd like to speak to someone first, call [NHS 111](#) free of charge by dialling 111 on your mobile or landline. The person you speak to can look up an out-of-hours pharmacy or another NHS service in your area.
- You can also use the [NHS walk-in centre service search](#) to find your nearest walk-in centre. These can sometimes dispense medicines after a consultation.
